**O**ur MISSION and objective is to serve our customers with affordable religious items for use in the home, in the Church, as gifts, for special events, and etc. We try to serve as wide a faith community as possible, especially where Eastern Orthodox and other aspects of Christianity are concerned.

Since our last catalog, we have published 3 flyers announcing new products we added to our inventory. This new catalog now incorporates all of the products that we currently offer. As costs from our manufacturers have increased significantly, we have made every effort to keep our suggested retail prices to the 25% increase we made in 2022 to our 2019 catalog. Some of these prices also have had to be increased to more than 25%. Thankfully, however, we have been able to reduce these same increases on a variety of products. New item flyers will be issued every few years.

Please see our Custom Designs page for an array of products custom made for special occasions and celebrations. Both offer speciality items. We encourage you to contact us to learn more about our past designs and what is possible to have us help you create and produce

We offer trade discounts to churches, stores, kiosks, church schools, other religious organizations, etc. These are 40% off the suggested retail prices in this catalog. Monasteries, Seminaries, and other unique organizations receive a 45% discount due to their special nature.

We do not CONSIGN products for festivals or other special events. Nor do we accept any returns of goods unless specifically authorized by us. Too often purchases are returned to us with prices marked in indelible ink, damaged beyond resale, abused, shattered, etc. Returns that we do accept are subject to a 10% restocking charge. As we improve our designs or work with different vendors, some products may differ from what is depicted in this catalog.

To ensure that your items are in stock and arrive in time for your event, please ORDER EARLY, especially if you have an upcoming event with a deadline that is fast approaching. We highly recommend that your order be placed THREE TO FOUR WEEKS in advance of your event. This also helps us determine the best shipping methodology needed to get your items to you. When you do send us an order, do call to confirm we received it especially if we are unable to respond quickly.

We cannot guarantee that large purchase orders can be filled in time to meet short deadlines of less than one week. Nor are we able to backorder items that are out of stock. While we no longer backorder items for you automatically, we can let you know when your 'out-of-stock' goods come in so you can re-order.

Shipping and mailing charges are always increasing. We will always ship at the least cost possible via USPS, UPS, FedEx, etc. You can anticipate that costs will often approach 10% of the price of goods you purchase. Unfortunately, we can't guarantee the delivery date of your order unless we ship under controlled circumstances (ie: Overnight, 2nd/3rd Day, etc). As always, weather is the biggest variable in your package's arrival time.

Again, please be sure to have your PURCHASE ORDERS for festivals & other special events to us THREE TO FOUR weeks prior to the event. As the variability in today's eMail technology can cause incoming messages and/or attachments to be dropped, we recommend your following up with us to ensure your order has made it into our inbox.

*Thanks!*
